

OAKLEIGH FARM OFFICE, DINTON, SALISBURY SP3 5EY

29th September 2023

Dear Ms. Broderick,

**Cease and Desist your Slanderous and Defamatory Behaviour**

This letter is a formal notice to you that vigorous legal action will be taken if you continue to defame, lie, slander and threaten me in the manner you have been doing over the past 12 days.

There are on record a substantial number of handwritten notes and texts you have promulgated to my friends and no doubt others unknown to me.

The contents of these notes and texts are both threatening and mendacious in the most egregious way. These communications are being held on record as part of any evidential requirement in the future as proof of this unwarranted behaviour.

That you have brought my daughter's situation into the mix is disgusting in the extreme.

There are a number of people who witnessed your highly inappropriate behaviour, particularly towards a member of staff and a couple of clients at the Wyndham Arms, Dinton. They are prepared to make statements concerning this behaviour in the event of any further slander or defamation, or should you continue in this vein and the matter go to litigation.

I offered you sanctuary and a place to stay for the winter to 'escape' 'as a refugee' as you put it, from Scotland. You have sorely abused my friendship and considerable generosity by your behaviour.

You will cease and desist from slandering and defaming me forthwith.

Faithfully,

Napier Marten
